

March 24, 2020

In light of ongoing concern about the COVID-19 Coronavirus, we are responding to the pandemic with great care. The health and well-being of our customers and team members is of the utmost importance, as is continuity of operations. Allpart Supply will continue to closely monitor new developments and adhere to recommendations and guidance from the CDC and our local health authorities. Beyond that, we are taking the following measures to ensure safety and help mitigate any disruption:

- Providing our employees with information on best practices for sanitation policies, including frequent hand washing, proper technique, and methods to minimize risk of exposure.
- Limiting outside facility visits.
- Limiting business travel to reduce exposure risk.

We hope everyone stays safe, and we will update you if anything changes.

Meanwhile, we are open and operating to support our markets. **We will maintain normal business hours of 8AM – 5PM and plan to continue production over the coming weeks.** We have ready to ship product in stock. We have contingency plans in place to operate with limited interruptions should conditions change during this fluid situation and will provide you with updated information then.

Any questions...please contact Jon Barganier at 817.988.8188, jb@allpartsupply.com or Jessica Simpson at 817.595.1044 xt 135, jsimpson@trinitysling.com.
