CABLE REFERENCE GUIDE

Worth

Due to the large number of custom-sized lifts made by this manufacturer, it is recommended that all cables be measured prior to ordering. Please fill out the lift cable sheet at the beginning of this section.

WIRE ROPE SHEAVES

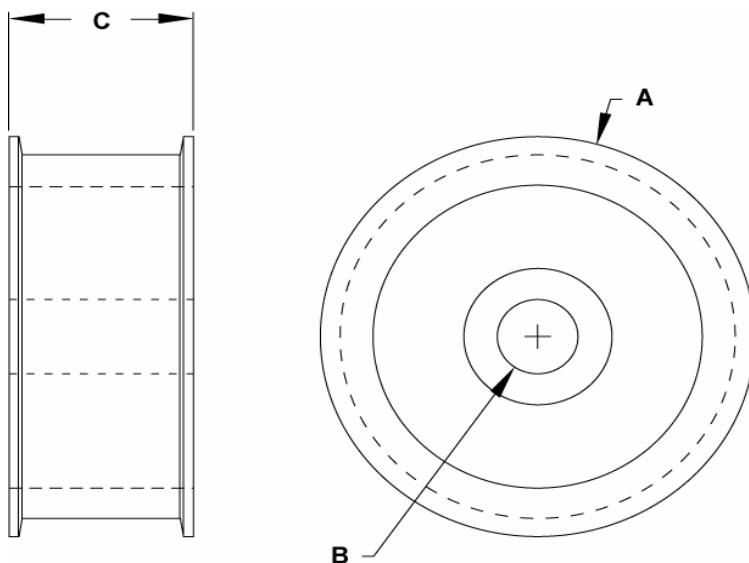

AllPart Supply's wire rope sheaves are all steel and use the highest quality oil-impregnated bushings available. Our sheaves have a protective coating to reduce rusting.

CHAIN BEARINGS

AllPart Supply provides you with the highest quality chain sheaves (bearings) available. Our bearings are custom-made to handle the heavy loads exerted by today's biggest lifts. We have both pressed bearing sheaves and heavy-duty bearings made to fit your lift.

ENGINEERED CHAIN

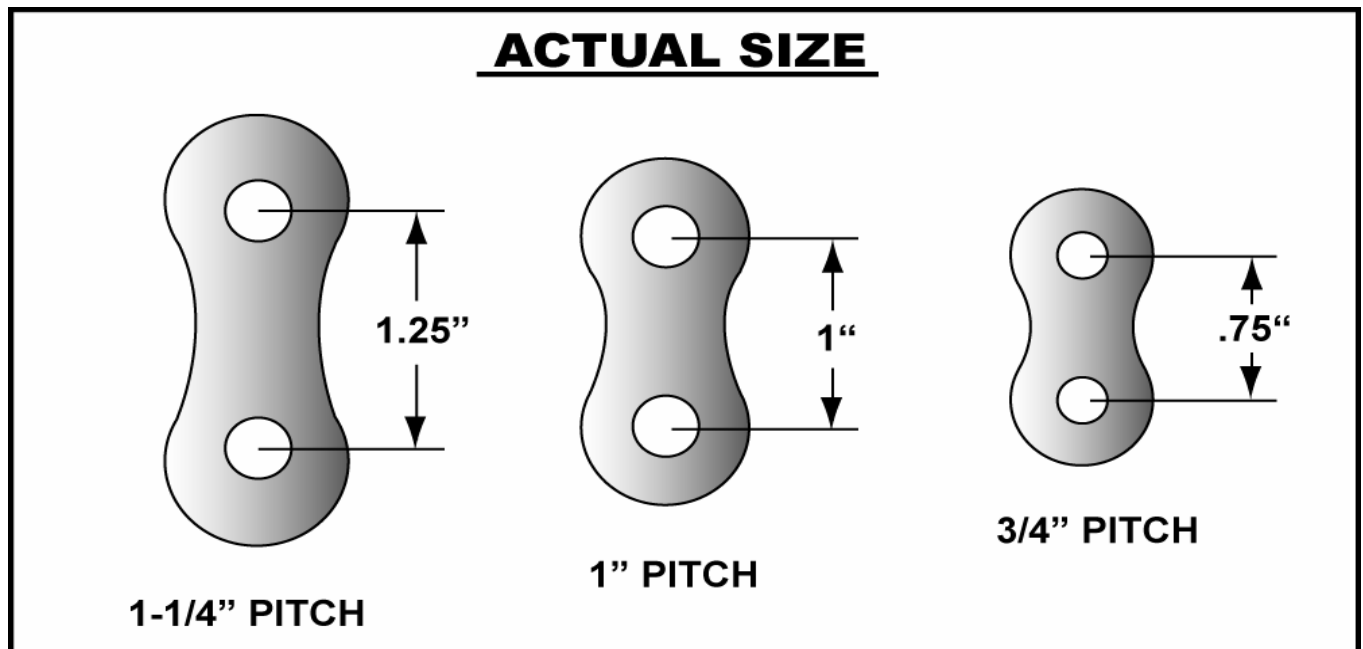

AllPart Supply uses the same high quality leaf and roller chain as the OEMs. We keep an extensive supply of engineered chain in stock for ready delivery. Engineered chain can be ordered in bulk or pre-cut to the exact size you need. Please order by pitch (one pitch is the distance between the pins) and specify male (Inner) or Female (outer) ends.
